

Welcome to Golf Cars International Pty Ltd, the authorised Club Car distributor for Queensland, Northern NSW and the South Pacific.

Golf Cars International distribute the ***globally recognised and world number one, Club Car*** range of Golf Cars and Commercial Utility Vehicles throughout a strong dealer network and direct to golf courses, government departments, businesses and the public from our stunning new showroom and head office at 20 Kingston Drive, Helensvale on the Gold Coast, Queensland. We are Master Distributor of Club Car products in Queensland, Northern NSW and the Pacific Islands, plus own and operate a [Sales and Service Centre on Hamilton Island](#)

. Our team are specialists in the field of golf cars and commercial vehicles amassing over 50 years of joint Golf Car and Golf Industry experience and 'expertise'.

An Australian owned company whose shareholders include world renowned professional golfers Ian Baker-Finch and Steve Elkington, our goal is to revolutionise and change the face of golf car sales and service in Australia. When you purchase a product from Golf Cars International you are tapping into a wealth of experience in the golf industry. From playing, through to sales, promotion, course design and administration, Golf Cars International is the complete package – a one stop shop!

Cornerstone to Golf Cars International continued growth has been a firm commitment to efficiency, diversity, quality, performance and most importantly; Customer Service. With this in mind, and the increased popularity of all brands including the innovative and affordable HDK electric golf car and bike range, we have relocated to larger premises at Helensvale on the Gold

Coast. This has enabled Golf Cars International to vastly improve our existing after-sales customer support, service, parts and accessories division and store more vehicles. Our customers can now access a wider range of stock in one location, including more than 50 models within the award winning Club Car range along with Golf Car Outlet quality pre-owned golf cars and utility vehicles. Make an appointment today to view any of the HDK quality electric vehicles or Club Car's superior high-performance golf, utility, transportation, hospitality, commercial utility, multi-passenger shuttle, rough terrain and off-road vehicles.

The underlying motivation to identify areas of need and expand into those areas is driven by Golf Cars International Company Mission Statement to revolutionise and change the face of golf car sales and service in Australia.
