

HARDWORKING HERO: JOB 390

Turf Warrior. The Carryall 550 is a jack-of-all-trades – from transporting the superintendent as he checks fans to toting a load of sod. It merges ergonomics and creature comforts with oversized tires for a go anywhere attitude. Yet, its rustproof aluminum frame helps it tread lightly.

HARDWORKING HERO: JOB 491

Industry Master. Thanks to its unmatched versatility and strength, the Carryall 550 can be used in many applications at construction and industrial sites. From down-and-dirty jobs that require heavy lifting to serving the fire brigade, it commands respect.

CARRYALL 550

VERSATILITY & RELIABILITY

Payload. Total vehicle capacity of 900 lb. (408.2 kg).

Best-in-class EFI powertrain: The vehicle's 14-hp rated Subaru overhead cam engine with electronic fuel injection improves fuel efficiency as much as 50 percent. It also has a filter-less oil system, an optional limited slip differential for improved traction, and a side fuel tank. Beat that!

Improved charging. The industry's only standard on-board high-efficiency charger with cord retractor. This new system operates on voltages around the globe, and tolerates voltage swings that would shut down lesser chargers.

More durable than steel. Carryalls are built on Club Car's exclusive lightweight, rustproof, air-craft-grade aluminum frame that's designed to be stronger than steel. Unlike competitive steel frames, it resists corrosion and retains resale value.

Fit-to-task utility. A one-of-a-kind bed box with an integrated track-based attachment system, optional tool holders, bed dividers and cargo tie downs increases versatility and saves floor space. So you can do more with less.

Improved ergonomics. Cockpit style interiors with restyled hip restraints make the vehicles easier to enter and exit. And an ergonomic dash puts the key switch, shifter and gauges at the driver's fingertips.

The best warranty in the industry. The industry's longest standard battery, powertrain and bumper to bumper warranty.
